Home Comfort Certified System®

THE BEST HVAC COMPANY

123 Any Road City, ST 00000 (800) 123-4567

The area's leading comfort experts for all your Heating and Air Conditioning needs

Price Book Set Up Instructions

Ready-Built HVAC Contractor's **Daikin Dealer Price Book Set Program** is designed to help our dealers outperform the competition with a "customized-to-your-business" flat rate *Daikin Brands Home Comfort Certified System Ductless Split Installation Price Book*.

We designed the *Daikin Brands Home Comfort Certified System Ductless Split Installation Price Book* to be used by both Comfort Advisors on a replacement sales call and for Selling Technicians on service call where they have identified a replacement opportunity.

Your *Daikin Brands Home Comfort Certified System Ductless Split Installation Price Book's* installed price is set up via a 1-page set-up form located on this webpage. We provide you with an installed price for each good-better-best-premium system configuration and capacity size.

Each of your system installed prices will be based on your company's unique:

Cost-of-Goods-Sold:

- Actual "built-in" by equipment system configuration and size installation equipment, materials, and warranties. Once we receive your order form you provide us your current unique configuration and your preferred equipment vendor pricing in Excel or PDF as an email attachment.
- Total "built-in" system installation labor hours for a Crew Chief and Helper which we multiply by your unique labor cost set up rates to find your installed labor cost.
- Labor hours per system configuration can be adjusted by Dealer by faxing in your marked-up User Guide pages also located this webpage.

Your Installed Flat Rate Price:

- Your unique Installed Sell Price will be based on your unique gross profit margin rate to find your installed flat rate price.
- Your finance tables are created using national *Home Equity Rates*, *Personal Bank Loan Rates*, as well as your local finance options.
- Your finance tables are created for your local area.

Prices Shown are Illustrative:

- This demo price book was designed for demonstration purposes, as well as, across multiple climate zones.
- The pricing shown is for a fictitious contractor and climate zone, and is not meant to be representative to local area pricing.
- Your pricing will be accurate to your business and based on your unique local area labor costs, overheads and net profit set-up requirements and your energy savings tables according to your climate zone.

Questions?

Call our Price Book Hot Line at 800-240-2823 24/7 or email us at customercare@Ready-BuiltHVAC.com.

Remove and Retain this Use License Agreement for future reference

IMPORTANT NOTICE: Please read the following Home Comfort User Agreement ("Agreement") carefully. Your use of the product signifies your acceptance of this Agreement. If you do not agree with the terms of this Agreement, you should promptly remove all electronic copies and/or destroy all hard copies of this Price Book. Retain this User Agreement for future reference.

Article 1: License Grant

- 1. The Home Comfort Flat Rate Price Book ("Price Book") and the pricing process which it contains is the intellectual property of Building Services Institute, Inc. ("BSI") and its licensors, and is protected by law, including United States copyright laws and international treaties. BSI grants you a license:
 - a) To use the Price Book within your business entity.
 - b) To make a single archival back-up copy of the Price Book in support of your use of the Price Book within your business as named on the submitted Home Comfort Flat Rate Set-up Sheet.
 - c) Except as stated above, you MAY NOT MODIFY, TRANSLATE, DISSEMINATE, OR DECOMPILE the Price Book, OR ANY COPY THEREOF, IN WHOLE OR PART. You may not engage in reverse engineering of the Price Book.

Article 2: Term

- The license is effective until terminated. You may terminate the license at any time by destroying the Price Book together with all copies, modifications, and merged portions in any form. The license will also terminate upon conditions set forth elsewhere in this Agreement, and BSI may terminate your license if you fail to comply with this Agreement.
- 2. You agree, upon such termination for any reason, to destroy the Price Book together with all copies, modifications and merged portions in any form.

Article 3: Disclaimer of Warranties and Limitations of Remedies

- 1. The Price Book is provided "as-is" without any warranty of any kind, either expressed or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose. The entire risk as to the quality and performance of the Price Book is with you, its authorized user. BSI and its licensors do not warrant that the functions contained in the Price Book will meet your requirements or are error free.
- 2. BSI's and its licensors' entire liability and your exclusive remedy shall be:
 - a) The replacement of any Price Book not meeting BSI's "Limited Warranty", or
 - b) If BSI and its licensors are unable to deliver a replacement PDF file, which is free of defects in material or workmanship, you may terminate this License Agreement by destroying the Price Book and removing the Price Book from all of your computers and terminating any use of the Price Book.
- 3. YOUR EXCLUSIVE REMEDY AGAINST BSI AND ITS LICENSORS AND BSI'S AND ITS LICENSORS' ENTIRE LIABILITY, EVEN IN THE CASE OF FUNDAMENTAL BREACH, IS LIMITED TO REPLACEMENT OR RETURN OF THE PRICE BOOK. IN NO EVENT WILL BSI OR ITS LICENSORS BE LIABLE TO YOU, THE AUTHORIZED USER, FOR ANY DAMAGES, INCLUDING ANY LOST PROFITS, LOST SAVINGS OR OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE SUCH PRICE BOOK EVEN IF BSI HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY OTHER PARTY.

Article 4: General

- 1. Your use of this Price Book is acknowledgement that you have read this Agreement, understand it, and agree to be bound by its terms and conditions. You further agree that it is the complete and exclusive statement of license agreement between us, which supersedes any proposal or prior License Agreement, oral or written, and any other communication between us relating to the subject matter of this License Agreement.
- 2. This Agreement will be governed by the laws of the State of New Hampshire, and you agree that any claims regarding the Price Book shall be brought in New Hampshire, and to waive any objections to jurisdiction in the Courts of New Hampshire.

Mission Statement

- Our Commitment: We are committed to providing the highest quality and performance in all aspects of the equipment replacement industry, utilizing our core strengths to ensure the continued success of our employees and our customers.
- Core Services: Design, fabrication, installation, and service of heating, air conditioning, indoor air quality, and ventilation systems, as well as electrical, temperature, and humidity controls.
- Core Strengths: Experienced leadership, excellence, trustworthiness, loyalty, and pride in our reputation for quality workmanship and teamwork, our multitrade capabilities, and our knowledge of and commitment to innovativeness.
- Success for Employees: Provide fair compensation, security, trust, recognition, and a good working atmosphere.
- Success for Customers: Provide quality, competitive pricing, trust, partnership, and our ability to meet their unique requirements.

Who we are:

- A premiere residentialcommercial service company.
- We have consistently grown each year due to our competitive programs and services.
- Our company has continued to invest in state-of-the-art technology that allows us to deliver the highest level of service with the lowest possible cost.
- Our written training and employee development programs ensure the delivery of safe, reliable service in and around your home.
- We have a written drugfree hiring policy to protect our customers and their property.

What makes us different:

- We offer the industry's best Install-Right® guarantees, warranties and assurances.
- Our field management and equipment installation procedures enable us to take care of everything and assume responsibility for everything.
- We are an unbiased independent contractor, not a manufacturer-sponsored dealer.
- We minimize all personal risk from doing business with us through our delivery systems and our liability coverage.
- We Guard both your time and your equipment replacement investment money.

The Home Comfort Certified System® 7-Step Approach

Quality Value

Customer Satisfaction

Service

 Conduct the Home Use and Livability Survey to ensure your personal, technical and timing objectives are met.

Conduct Manual-J heat gain/loss measurement to right-size the capacity of replacement equipment and the duct distribution system installation.

Analyze the data gathered to ensure proper equipment sizing and inclusion of any accessories to meet your special requirements.

 Back up all of our work with unsurpassed written Install-Right[®] guarantees, warranties and assurances.

 Organize, educate and schedule installation personnel and manage your installation requirements.

7. Precision tune and implement a warranty management system and a 4-hour or less, 24/7 emergency response.

Why we set the Standards of Performance

- 90% of all installations have problems resulting in unnecessary energy inefficiencies due to:
 - Too large or too small equipment sizing
 - Improper match between condenser and evaporator
 - Improper duct sizing or distribution
 - Improper duct insulation or sealing
 - Leaking or disconnected ductwork or diffusers
 - Improper system balancing
 - Improper system charging and calibration

- 40% of all installations fail to meet airflow requirements resulting in poor indoor comfort due to:
 - Improperly sized equipment
 Improper duct distribution design
 - Improper diffuser type or location
 - Leaking or disconnected ducts and diffusers
 - Improper system balancing
- 50% of all installations are not charged properly resulting in up to 50% higher operating costs due to:
 - Improper start-up, test and installation verification per manufacturer's specifications and industry best practices
 - Untrained installation personnel
 - Poor contractor installation methods

Source: studies conducted by North Carolina Alternative Energy Corporation, Texas A&M University, Louisiana State University and BSI client customer surveys.

With our Home Comfort Certified System® we guarantee that your equipment will be in the top 10% of all installations.

Quality Installations by Design

Pre-installation:

- Our proven Home Use & Livability Survey data gathering techniques enable us to provide our customers with unconditional performance quarantees.
- Our computerized Manual-J home load modeling guarantees that heating, cooling and comfort capacities will be met.
- 3. Our equipment/system selection process guarantees that we meet both your personal requirements and home aesthetics requirements.
- We select the most appropriate installation implementation process that guarantees our customers the lowest possible installation costs.

Installation:

 We will assign an installation team that will take care of everything, manage everything, and be totally responsible for everything.

- 6. We specialize in working in occupied spaces and know the challenges; therefore we keep our work areas clean and actively plan our work methods to minimize any possible disruption.
- We verify and test all completed work to guarantee that everything was installed per specifications and according to best industry standards.
- 8. Our in-depth homeowner training guarantees that you will maximize your investment.

Post-Installation:

9. Our installations are performed per industry best practice, which has continuously proven to reduce emergency or trouble calls. However, if an emergency does occur, you will receive our highest priority response. We respond to emergency trouble calls, even during peak periods, within four (4) hours or less of your call.

PRICE BOOK

NOTE: Important installation pricing information:

- 1. All installation prices are based on gravity condensate drain.
- 2. All installation prices are based on one (1) wall penetration for piping and electrical lines to wall units.
- 3. The *Line Hide*® used on all installations, to hide exposed exterior electrical/piping from the outdoor unit to the wall penetration is based on a single riser up to 8-feet.
- 4. Single-zone installation prices are based on wall unit being mounted directly opposite of wall penetration.
- 5. Multi-zone installation prices are based on electrical/piping lines from outdoor unit to wall units being run exposed in ceiling/cellar open spaces.
- 6. Power wiring is included and based on existing available capacity in the electrical panel as well as being run exposed on open ceiling from electrical panel to outdoor unit.

If needed, adjustments can be made to the customer's installation investment on the *Investment Option Worksheet* for the following scenarios: swapping Wall Mounted indoor units with Ceiling Inset or Slim-Ducted units; adding condensate drain pumps; creating additional wall penetrations; installing complex power wiring or an above average electrical subcontract install; using additional *Line Hide*®; adjusting labor for difficult access; or adding unclassified labor and materials.
